

Powerful 1,400W motor provides efficient planing operation.

Efficiency of concrete grinding

Test conditions: Using 125mm (5") Offset diamond wheel ground a concrete plate continuously for 10 minutes and measured the amount of the removed material.

Numbers in the charts above are relative values when setting Competitor "B" capacity as 100. It may differ under some conditions.

Accessories

Offset Diamond Wheel

for finish work (Standard Equipment of PC5001C) Part No. B-12289

Offset Diamond Wheel

for rough work (Standard Equipment of PC5000C) Part No. B-12295
