

UC033G

Cordless Rescue Chain Saw

Satisfy Professional's Needs

Rear-handle chain saw comparable to 50cc-class chain saws

- 50% higher maximum cutting torque than the previous model
- Enabling high-load tasks such as cutting through doors in rescue operations
- A removable depth limiter enables easy cutting-depth adjustment when performing plunge-cutting in rescue operations
- The air filter cover can be removed without tools, making cleaning easy and keeping debris out.
- Equipped with both mechanical and electric brakes for user protection

Cordless Rescue Chain Saw

UC033G

Specification :

Chain type	M53RK
Chain pitch	0.325"
Chain gauge	1.3mm (0.050")
Guide bar length	500mm (20")
Oil tank capacity	260 mL
Max output power: W	2,700
Cutting depth adjustment	Yes
Dimensions (L x W x H)	449 - 952 x 303 x 280 mm
Net weight	8.1 - 8.4 kg

Variable Speed

Brake

Chain Brake

Automatic Oiling
